THE TOWER BUILDING

Located across the road from the Royal Liver Building in Liverpool City Centre, The Tower Building has undergone significant external restoration and conversion into luxury city centre apartments. Luvanto Winter Oak was used to great effect in the reception area to create an entrance suitable to the prestige of the building.

Tower Building occupies a prominent position on Water Street opposite the Liver Building in this popular and convenient part of Liverpool City Centre. Tower Building is walking distance of the city's main attractions including the world-famous Albert Dock, Castle Street's eateries, Liverpool One entertainment and shopping complex, which offer a wide choice of vibrant restaurants, wine bars and cafés.
