JOSHUA ADAMS MENSWEAR

Joshua Adams is an independent menswear retailer, founded in 2009 in Cleckheaton, West Yorkshire. The core business is suiting for all occasions, weddings, work wear, and celebrations.

Suits are available for hire or purchase. Joshua Adams has an excellent range of styles and sizes, with the added value of knowledgeable, welcoming staff for measuring, bespoke advice, and alterations.

When the family owned retailer moved into new premises, the entire shop underwent a complete renovation to create a stylish retail interior.

Richard Hughes at RH Flooring solutions in York said, "I've worked with Joshua Adams and their main contractor for many years on various projects so they picked the flooring for their new store based on my recommendations and the level of quality and value they were looking for."

We installed around 365m² of dryback Harbour Oak over two floors. The upper sales floor was laid in a full plank herringbone design over an LVT underlay to help with sound insulation and the ground floor was laid in a straight lay design."

Locations: Cleckheaton, West Yorkshire

Product: Luvanto Design Harbour Oak (365m²)

Sector: Retail
