## KÜTCHENHAUS SHOWROOM

**This stunning kitchen retail showroom on Heddon Court Parade is showcasing high-quality German kitchens in the latest styles and colours.**

“The previous tenants had several different floor heights but after self levelling, I needed a product that was reliable and suitable for heavy footfall.

Küchenhaus Cockfosters offer award-winning German manufacturing quality with the latest trends available across modern kitchen and more traditional style designs. Luvanto offer a vast choice of colours and with the expertise from Sam, their account manager, I found two that complimented my kitchen displays. I decided on contrasting colours, one for each side of my double fronted showroom.

Customer service is our priority and that’s why we chose Luvanto who share the same values.”
