Premium Additions

Introducing a new collection of premium wood and stone designs for the most authentic natural look.

The latest technology in registered grain embossing and super matt surface gives a finish that is hard to tell apart from the real materials.

Premium Design Planks, Design Herringbone & Click Plus Planks

Available in 4 colours, the Premium Additions to our Design, Design Herringbone and Click Plus ranges feature an ultra-realistic registered emboss wood grain with a modern, luxurious super-matt finish. Design and Click Plus planks are in a new longer and wider plank size.

The 4 wood colours available in Premium Design planks and Premium Design Herringbone are the same, which gives a lot of design possibilities to run between straight lay planks and herringbone in the same area.

Premium Click Plus Chevron

Our Chevron Click Plus planks feature an enhanced wood grain panel design to give the effect of multiple smaller pieces laid together. Each piece has a bevelled edge and really shows off the variation in colour and texture of the wood effect. Extra long planks for quicker installation without the headache of fitting these complex patterns in glue down format.

Click Plus

305mm x 1408mm x 8mm - Angle of pattern 60°

Coverage - Per box 4 Pieces (2 x plank A and B) = 1.72m²
